

ASSISTANT PRODUCTION MANAGER

Cherry Products was established in 1980, with the aim of producing the highest quality materials handling equipment on the market at the right price. As a British company our consistent success has been maintained due to unrivalled personal service and the ability to keep pace with the constantly changing requirements and developments in agriculture and its allied industries. Cherry Products has become a major force in this marketplace and continues to strive for further excellence in service and build quality with its existing range of products.

We are looking for an Assistant Production Manager with a passion for agriculture to take ownership of the day to day running of our workshops to ensure that manufacturing runs smoothly, safely and efficiently. The role oversees staff, equipment and resources to meet demands while maintaining high quality and safety standards.

You will be responsible for the assembly of our agricultural attachments ensuring our team of welders/fabricators are working efficiently and productively to meet customer deadlines. Co-ordinate with sales team to ensure smooth workflow. Prioritising workload to ensure delivery of items on time and to a high quality.

Key Responsibilities

Strong knowledge of day-to-day production operations to ensure customer demand is met and delivery deadlines achieved

The ability to manage a team and maintain consistency in performance and workflow

Monitor production quality, identify issue and implement corrective actions as required

Ensure compliance with industry standards, regulations and company policies

Enforce workplace safety procedures and ensure a safe working environment, promoting a culture of safety awareness

Skills and Experience

3-7 years in a manufacturing or production environment

Previous supervisory or managerial experience

A structured and decisive approach; organised, calm under pressure

Strong leadership and team management skills

Excellent organisational and problem solving skills

Professional, adaptable and proactive attitude

Strong attention to detail and accuracy

Ability to develop an in-depth understanding of our products

IT Skills – Outlook/Excel/Word
